Objectives of the Course:		The course on the History of Medieval India aims to provide students with a comprehensive understanding of the socio-political, economic, and cultural developments that shaped the Indian subcontinent between the 13th and 18th centuries. By delving into the rich tapestry of medieval Indian history, students will explore the rise and fall of empires, the interplay of religious and cultural influences, and the impact of trade and commerce on societal structures.

Course Learning Outcomes

By the end of the course, students are expected to have a nuanced understanding of the key historical developments, major figures, and significant cultural shifts during the medieval period in India.

Additionally, they will be equipped with the ability to critically assess historical narratives, engage in scholarly discussions, and apply historical knowledge to contemporary issues.
